Mr. Chris Nagel  
Director, Solid Waste Management Program  
Missouri Department of Natural Resources  
1738 East Elm Street  
Jefferson City, MO 65102

Dear Mr. Nagel:

**Investigation of Odor Control Technologies – 4th Quarter 2016**

This Update on Odor Control Technology Investigation is being submitted by Bridgeton Landfill, LLC (“Bridgeton Landfill”) pursuant to Paragraph 27(C) of the Second Amendment to the First Agreed Order.

Bridgeton Landfill continues to execute state of the art odor control methodologies in the effort to minimize the potential for any off-site emission of odor. This has included continued investigation of new odor control technologies. In the fourth quarter of 2016 Bridgeton Landfill did not discover an emergent technology worthy of field testing at the site.

Sincerely,

Matt Stewart

Environmental Specialist
